Report to Board of Commissioners

MEETING DATE	PRESENTER	DEPARTMENT
	Laura Cromwell LCromwell@kckpd.org	Police Department
AGENDA ITEM #8.1.		
RESOLUTION: FISCAL YEAR 26 COPS HIRING PROGRAM		
BACKGROUND		
The KCKPD has submitted an application for funding to hire 12 additional patrol officers under the FY26 COPS Hiring Program. The addition of 12 patrol officers will enhance KCKPD's ability to increase officer visibility, conduct proactive patrols in high-crime areas, and respond more effectively to calls for service. These officers will support targeted enforcement efforts focused on violent offenders, drug trafficking networks, and gang activity while continuing to build strong partnerships with residents, businesses, schools, and community organizations. Increased patrol staffing will allow officers to engage with community members, gather valuable intelligence, deter criminal activity, and improve overall public safety. The illegal distribution of fentanyl and methamphetamine, coupled with gang-related violence, presents a significant challenge for communities across Kansas, including Kansas City, Kansas. Investing in additional patrol officers will provide KCKPD with the personnel needed to proactively identify emerging crime trends, intervene before violence occurs, and reduce the impact of drug trafficking and gang activity that is infiltrating Kansas City, Kansas, from the southern border. The COPS Hiring Program is a competitive grant program providing funding for a three-year period for entry-level patrol officer positions. The Police Department has indicated severe fiscal distress in its application in hopes of receiving a full match waiver. If a full match waiver is not offered as part of an award, the KCKPD can choose not to accept the award.		
RECOMMENDATION		
Approve Approval of resolution		
BUDGET IMPACTS / FINANCIAL CONSIDERATIONS		
At minimum, the federal grant would cover approximately 34% of the cost to hire 12 new patrol officers. If a full match waiver is not approved, the UG would need to invest a total of \$2,867,586 to cover these positions over a three-year period. This would roughly equate to \$873,614 in 2027, \$909,289 in 2028, and \$1,084,683 in 2029. It is also possible that a partial match waiver will be granted. This will be outlined in the award document, should we be selected. At that time, we can choose not to accept the award if the UG cannot meet the financial obligation. In addition, no matter the amount of the match waiver, the UG will be required to fund these 12 positions for an additional twelve-month period following the three-year grant-funded period. We can choose to stagger the hiring of these positions so that the financial impact following the grant-funded period would be spread out over a few years.		

LEGAL/ POLICY CONSIDERATIONS
There will be award terms and conditions that Legal will review, if we are selected for an award. Historically, there have been no conditions associated with this grant program that have precluded us from program participation.

RESOLUTION NO. _____

A RESOLUTION authorizing the Kansas City, Kansas Police Department through the Unified Government of Wyandotte County/Kansas City, Kansas, to accept a grant award if awarded with a full match waiver, for the FY26 Community Oriented Policing Services Hiring Program offered by the U.S. Department of Justice.

WHEREAS, an application has been submitted by the Kansas City, Kansas Police Department requesting grant funds to fund twelve patrol officer positions for a three-year period; and

WHEREAS, the grant solicitation indicates that the federal share would only cover \$125,000 per position for the period of the grant, which equals \$1,500,000; and

WHEREAS, the Kansas City, Kansas Police Department has requested \$4,367,592 in grant funds and a full match waiver to cover these positions at one hundred percent; and

WHEREAS, if the grant is awarded with anything less than a full match waiver, the Kansas City, Kansas Police Department will return to the Board of Commissioners to seek approval prior to acceptance of the grant;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE UNIFIED GOVERNMENT OF WYANDOTTE COUNTY/ KANSAS CITY, KANSAS AS FOLLOWS:

Section 1. The County Administrator and/or his designee is hereby authorized to accept such grant if it is awarded with a full match waiver, on behalf of the Unified Government and to take the steps necessary to fulfill the conditions of the grant and execute documents in furtherance of the grant.

AGENDA ITEM #8.2.		
RESOLUTION: FISCAL YEAR 2027 KANSAS DEPARTMENT OF TRANSPORTATION SPECIAL TRAFFIC ENFORCEMENT PROGRAM (STEP) GRANT		
BACKGROUND		
KDOT's Special Traffic Enforcement Program (STEP) provides funding to local law enforcement agencies to conduct high-visibility enforcement during coordinated periods to address primary driver behaviors contributing to injury and fatality crashes in Kansas. The Police Department has been receiving funding through the STEP program for many years now. In years past, funding has been provided for select enforcement campaigns throughout the year and has primarily only funded overtime hours. Allocated annual totals have historically been less than \$50,000. However, the FY27 STEP program has been enhanced to include additional funding for equipment items, training opportunities, and educational events hosted by Traffic Support officers. Our application for the FY27 program includes approximately \$100,000 for overtime for officers to work enforcement operations, specifically focused on aggressive driving and DUI-related violations, as well as approximately \$60,000 to fund various equipment items, such as radars, stop sticks, and traffic cones, instructor schooling for our traffic officers, and overtime for officers to host educational events, such as car seat checks. As in previous years, there is no match required from the UG.		
RECOMMENDATION		
Approve Approval of resolution		
BUDGET IMPACTS / FINANCIAL CONSIDERATIONS		
There is no match required by the UG. All proposed costs are one-time purchases with no recurring funding obligations.		
LEGAL/ POLICY CONSIDERATIONS		

Once the award document has been issued, it will be sent to Legal for review and approval prior to award acceptance. Historically, there have been no conditions associated with this grant program that have precluded us from program participation.

AGENDA ITEM #8.3.		
RESOLUTION: FISCAL YEAR 2027 VICTIMS OF CRIME ACT (VOCA) GRANT PROGRAM		
BACKGROUND		
VOCA, which is an annual grant program offered through the Kansas Governor's Grants Program office, has funded the Victim Services Unit, or VSU, at the Police Department since its inception in 1999. Three full-time VSU personnel are currently funded by our FY26 VOCA grant at 75 percent, and two full-time positions at the Order of Protection Office are funded at 100 percent. Federal funds through the VOCA grant program will allow for continued direct services to victims, such as emergency shelter, emergency transportation, and crisis intervention supplies, including meals, clothing, replacement cell phones, broken door & window repair, crime scene cleanup, and lock replacement. Funds will also be used for communication supplies, training & travel for staff, and case management software. If the VSU was not able to receive VOCA funding, it would be reduced to one advocate, significantly limiting the services available to victims of domestic violence, sexual assault, child abuse, and survivors of homicide. Our FY27 VOCA application will include the same level of federal dollars requested in previous years, adding no new programs or positions, and will utilize existing budget within our general fund as well as in-kind contributions to meet the match requirement.		
RECOMMENDATION		
Approve Approval of resolution		
BUDGET IMPACTS / FINANCIAL CONSIDERATIONS		
The total program cost, which includes the federal funding request, is equal to \$532,524. Accordingly, the 20% match amount required of the UG will be \$106,505. The match requirement will be satisfied with current PD general fund money and in-kind contributions. No additional funds are being requested to meet the match requirement.		
LEGAL/ POLICY CONSIDERATIONS		
Once awarded, the PD will receive an award document containing grant assurances that must be reviewed by Legal prior to award acceptance. Historically, there have been no conditions associated with this grant program that have precluded us from program participation.

FROM: Maya Banks

DATE: 07/17/2026

SUBJECT: VOCA Fiscal year 2027 Application-requesting assistance with Standing Committee meeting

I am requesting permission to apply for VOCA fiscal year 2027 application. VOCA has funded the Victim Services Unit since its initiation in 1999. The current VOCA grant (FY 2026) was awarded \$410,353 in federal funds and KCKPD contributing \$102,588 in match funds. For the 2027 fiscal year an **estimated** budget and subject to change, \$405,918 is being requested for 80% in federal funds with \$101,479 required in 20% match funds to be contributed by KCKPD.

The budget is similar to the current fiscal year however changes were made to reflect accurate salaries including cost of living and benefits. In 2027, the unit expects to be fully staffed with a Program Supervisor, two response advocates, two order of protection advocates, and one Program Aide. In summary, I am requesting essentially the same federal funding level as FY 2026, and utilizing existing Match, resulting in no additional funds from the Police Department than already committed.

I am requesting permission and assistance to submit an agenda item for the Public Safety & Works meeting on August 17th. It is preferred to obtain approval before submitting the grant application however, the application is due by July 28th through the Kansas Governor's Grant Program. In the event, that the standing committee denies our request, it should be known that if we are awarded the grant funds we are able to respectfully decline.

PARTICIPATING AGENCY MEMORANDUM OF UNDERSTANDING (MOU)

*Between the Office of the State Fire Marshal (OSFM) and
Unified Government of Wyandotte County / KCK
As a Participating Agency in the Kansas Search & Rescue Response
System*

1.0 Purpose

The purpose of this Memorandum of Understanding (MOU) is to identify the roles and responsibilities of each party as they relate to the development and deployment of Urban Search & Rescue (US&R) resources.

This MOU is intended to:

- Coordinate and support the development of comprehensive regional and state plans that will provide for a coordinated response by Urban Search & Rescue (US&R) resources.
- Coordinate regional and state efforts through equipment standardization, training, and operational guidelines.
- Maintain consistency and coordination with other regional, state, and federal resources, including federal and state US&R task forces and/or teams.
- Provide for the availability of services and expertise required to respond to disaster events where such services and expertise are not available on staff at a Participating Agency in the state.

2.0 Background

Urban Search & Rescue is a multi-hazard discipline that involves the location, extrication, and initial medical stabilization of victims trapped or missing because of a man-made or natural disaster. While a tornado or other significant weather event is often the cause, victims can also be trapped by events such as winter storms, mine or bridge collapses, wide area flooding, or other significant events. These events can occur in rural areas, suburban areas, or in densely populated urban areas. They may be slow in developing, as in the case of winter storms or wide area river flooding, or they may be sudden, as in the case of an earthquake, explosion, or tornado.

Since these types of catastrophic events can quickly overwhelm first responders, it is critical that there is a comprehensive statewide response system in place that can quickly provide resources for search and rescue operations that are beyond the capabilities of local responders. These events require a highly coordinated response by personnel specially trained and equipped to deal with the unique challenges presented by collapsed or unstable structures, floods, or other complex rescue situations.

House Bill 2097, which was enacted by the Kansas Legislature in May 2015 and codified at K.S.A. 75-1518, et seq., designated the OSFM as the Administrative Agency for the Kansas Search & Rescue Response System, and authorized the OSFM to enter into Agreements to establish regional search and rescue teams to respond to search and rescue incidents. HB 2097 further authorized the OSFM to develop rules and regulations governing the composition, training requirements, response, and operations of those regional search and rescue teams.

The State of Kansas is divided geographically into seven (7) Homeland Security regions: Northwest (NW), Southwest (SW), North Central (NC), South Central (SC), Northeast (NE), Southeast (SE), and the Kansas City Metro (KCM). According to the capability identified in each region, a US&R resource (Task Force or Team) made up of **Participating Agencies** and **Affiliated Members** was formed and typed according to the National Incident Management System (NIMS) "Resource Typing Definitions for Mass Search and Rescue Operations." To provide oversight and coordination for each regional US&R resource, one (1) Participating Agency in each region was designated as the **Sponsoring Agency**.

Affiliated Members are individuals that are not employed by one of the Participating Agencies in a region and generally staff critical positions required on a US&R resource, i.e. canine handlers, physicians, or engineers. Other positions on a US&R resource may also be filled by professionals not employed by a Participating Agency.

3.0 Office of the State Fire Marshal Responsibilities

The OSFM agrees to:

- Serve as the primary point of contact for interstate or intrastate requests for US&R resources.
- Provide administrative oversight for the typing and credentialing of the regional US&R resources.
- Coordinate and support strategic planning for the development of the Kansas Search Rescue Response System and assist with strategic planning for each regional US&R resource.
- Adopt and support the national US&R standard and assist the regional US&R resources in meeting that standard as it applies to the typing of each resource.
- Develop plans, policies & procedures, standard operating guidelines, etc. to support the Kansas Search & Rescue Response System and assist in the development of the same for each regional US&R resource.
- Coordinate the statewide standardization of US&R equipment and personnel using the state's Comprehensive Resource Management & Credentialing System (CRMCS).
- Provide and maintain system wide communications through policy development and the management of a statewide notification and alerting system.
- Pursue Agreements, policies/procedures, etc. that will allow other deployable individuals to respond with or assist the regional US&R resources. *Examples include canine handlers, physicians, engineers, or other professionals not employed by a Participating Agency.*
- Develop other ancillary resources and Agreements that will support the individual and regional US&R resources during training, exercise, and disaster response.
- Coordinate and/or deliver the training and exercise required for members to meet the position specific training requirements contained in the national US&R standard.

3.5 Reimbursement

Training/Exercise

- Reimbursement for training and/or exercise attended by any Agency member is subject to the guidelines set forth in Administrative Guideline 03 – Member & Agency Reimbursement.

Incident Response

- Reimbursement for incident response by any Agency member is subject to the guidelines set forth in Administrative Guideline 03 – Member & Agency Reimbursement.

4.0 Participating Agency Responsibilities

- Participate in the development and maintenance of a regional US&R resource that is typed according to the NIMS Resource Typing Definitions for Mass Search & Rescue Operations.
- Develop and maintain an internal notification system that will ensure the timely notification of all deployable members.
- Identify and maintain the agency commitment for personnel and equipment that will contribute to the development of a deployable regional US&R resource, including the formation of organizational charts (red/white/blue) that provide 24/7 staffing at least 2-3 deep in each functional position, except those positions identified as the responsibility of the OSFM. *(This bullet only applies to Type 3 and 4 US&R task forces)*
- Assist in the development and maintenance of regional response plans, policies & procedures, standard operating guidelines, etc. as required to support the regional US&R resource and the Kansas Search & Rescue Response System.
- Follow all administrative policies, procedures, and guidelines set forth in the Kansas Search & Rescue Response System Administration Manual and supporting documents.

- Provide for the visibility in the state’s Comprehensive Resource Management & Credentialing System (CRMCS) of Agency personnel and equipment designated for deployment as part of the state or regional US&R resource.
- Maintain a personnel file for each Agency member that follows the standardized content and structure designated in the Administration Manual.
- Ensure that deployable members are prepared to deploy with the regional US&R resource, enabling the US&R resource to respond within 2 hours of notification, with the capability of being self-sufficient for up to 72 hours.
- Maintain the readiness of all Agency equipment and vehicles designated for deployment as part of the US&R resource, including the documentation of appropriate safety inspections, maintenance, and replacement schedules.

- Maintain worker's compensation insurance, or equivalent coverage meeting statutory requirements under K.S.A. 44-501 *et seq.*, for agency members during authorized training, exercise, or deployment as part of a regional or state US&R resource, or as an individual resource.
- Provide the necessary personal protective equipment and other required equipment for Agency members assigned to a regional or state US&R resource, or as an individual resource.
- Complete the supplement regarding Participation/ Non-Participation on a state US&R resource designated as Kansas Task Force 1 (KS-TF1).

5.0 Compliance Standards

Both parties agree to comply with all applicable federal, state, and local statutes and regulations, including the national US&R standard and the National Incident Management System (NIMS).

Persons performing under this Agreement shall be deemed employees for purposes of the KTCA. This Agreement does not waive any sovereign or governmental immunity or other defenses of the OSFM, the State of Kansas, or the Agency.

The Agency shall immediately give notice in writing to the OSFM and the Kansas Attorney General of any demand, request, or occurrence that may potentially give rise to a claim against the Agency, the OSFM, or the State of Kansas. The rights and obligations set forth herein shall survive termination of the Agreement. 9.0 Amendments

The terms of this Agreement shall not be waived, altered, modified, supplemented, or amended in any manner whatsoever without the prior written approval of both the OSFM and the Agency.

10.0 Right of Refusal

The Agency agrees to respond to all OSFM requests as part of the regional US&R resource except when the Agency's resources are committed to an emergency in its own jurisdiction or committed to an emergency in another jurisdiction pursuant to existing inter-local Agreements or conditions in the Agency's response area are such that adequate emergency services cannot be maintained. In that event, the local response and concerns shall have priority.

The Agency is responsible for ensuring that the Sponsoring Agency/ Duty Officer for the US&R resource and OSFM have ongoing situational awareness of the Agency's status and ability to respond as part of the regional US&R resource, so that positions and/ or equipment committed by the Agency as a part of the regional US&R resource can be replaced by another agency, or the US&R resource can be designated as "non-deployable."

A meeting is scheduled with the Performance and Innovation team in January to finalize 5/15 prompts. Once final, staff will begin submitttng 5/15 reports monthly.	Due to staff shortages and leaves of absences, we have had to cover extra duties in the office. This has increased the timeline for this goal.	After January's meeting to finalize prompts, they will be discussed at February's team meeting. The goal is to begin utilizing the prompts by April, 2026.
KDOC FEEDBACK		
3 rd QUARTER PROGRESS	CHALLENGES	MODIFICATIONS
Administrator Mejia meets with the Performance and Innovation team at the end of April to finalize the prompts.	Due to staffing and other initiatives this office has been working on (RePath, IIP, Day Reporting), we have had a hard time starting this goal. We should start 5/15 meetings in Q3.

Administrator Mejia will continue to work towards getting this goal going. Supervisors Peterson and Rodriguez have gone through the initial BriefCASE training so that they may continue BriefCASE sessions in the event that Administrator Mejia is not able to attend. Monthly BriefCASE sessions are going well and new hired staff are now attending.	Due to numerous staff trainings in March, Administrator Mejia did not host a BriefCASE session. The next module will be completed with staff on April 23, 2026.	
KDOC FEEDBACK		
Are the staff feeling like this will help increase their skills? I have seen other agencies ask after the training on scale 1-10 how did you feel about the training, will this increase your skills. Any barriers? and then from there is there any individual attention that needs to be given.		
END OF YEAR PROGRESS	CHALLENGES	MODIFICATIONS
Staff have given positive feedback regarding BriefCASE. In August, we will start Module 11. Although evidence-based supervision is coached regularly, staff enjoy the booster that the curriculum provides.

All required Wyandotte County (29th) staff attended the Family Engagement/CFT trainings required by KDOC. Trained staff have met with the team to discuss expectations of CFTs moving forward, as well as schedules for CFTs to ensure we are meeting with youth/families in the required timeframe. Moving into Q2 and the remainder of the fiscal year, supervisors will observe CFTs and coach staff to ensure they are being done to fidelity.		One of our supervisors that completes the QA process for CFTs is on military leave until the end of the year. This means that another supervisor will cover for her during the timeframe.

Two staff attended the CFT Train the Trainer in July. Staff have been good about scheduling CFT meetings according to standard and supervisors have made it a point to sit in on them regularly. Item No. 1 – RESOLUTION: APPROVING 2026 HOLLYWOOD CASINO GRANT AWARD RECOMMENDATIONS (DOCUMENTS ADDED PER AGENDA UPDATE) (Discussion Begins 27:05)

Mayor Watson turned the matter over to Interim County Administrator Alan Howze for opening remarks and introduction of staff.

Alan Howze, Interim County Administrator, explained that this is the annual process by which the commission allocates funding received from Hollywood Casino per the casino's agreement with the Unified Government. He introduced Lesley Strohschein, Deputy Chief Financial Officer, to walk through the details.

- This year, \$500,000 was available from the agreement to award. She noted that beginning next year, the amount will increase per recent changes in the amendment to the agreement.
- The Greater Kansas City Community Foundation was engaged to help manage the selection and awarding process, with at least \$43,000 for each commissioner and the mayor to make their selections.
- The list of recommendations included 97 organizations selected from 129 applications.
- The average award recommendation per commissioner was just over \$2,000 per organization, and each organization received an average award of \$4,876.
- Most awards were in the \$5,000 to \$10,000 range, with some as low as \$250. The largest single award was just over \$21,000.

Administrator's Agenda:

Item No. 1 – RESOLUTION: NOTICE OF INTENT TO EXCEED THE REVENUE NEUTRAL RATE, SET PUBLIC HEARING, AND MAXIMUM MILL LEVY/PROPOSED TAX RATE (DOCUMENTS ADDED PER AGENDA UPDATE) (Discussion Begins 31:28)

Mayor Watson turned the matter over to Interim County Administrator Alan Howze for opening remarks and introduction of staff.

Mr. Howze acknowledged this was his first meeting as interim administrator and noted the topic of budget and taxes. He summarized that the commission had seen, over several months of budget presentations, challenges related to rising personnel costs, capital needs, and deferred maintenance. He noted progress in roads and parks in recent years but stated that much of that funding was one-time in nature. He identified the challenges of low reserves on the county side and outlined the purpose of the evening's action: to set the upper threshold (ceiling) for the property tax rate in the budget process — not to set the final budget or tax rate. The budget will be formally introduced on August 6, with the final hearing and adoption scheduled for August 27, 2026.

Mr. Howze introduced the budget presentation team: Budget Director Reginald Lindsey, Deputy Budget Director Michael Peterson, Research Manager Mike Grimm, and Deputy Finance Director Debbie Jonscher.

Presentation — Mike Grimm, Research Manager

Mike Grimm presented information on mill levy and budget-related action dates.

- By July 20, 2026, the governing body must notify the clerk of: (1) intent to exceed the revenue neutral rate; (2) the date, time, and location of the public hearing; and (3) the proposed maximum mill levy (the highest mill levy that can be considered during the budget process — a ceiling, not a final rate).
- The proposed public hearing date is August 24, 2026, to be held in conjunction with the budget hearing and revenue neutral rate vote.
- August 27, 2026, is the calendar date for budget adoption of the 2026 amended and 2027 budget (no vote required that evening).
- **Ten-Year Mill Levy History for Wyandotte County:** In 2016, the county mill rate was 38.813; in 2025, it was 35.704 — a decrease of 3.1 mills or 8%. The city mill levies went

from 41.875 in 2016 to 36.219 in 2025 — a decrease of 5.7 mills or 14%. The 2024 tax year reflected the revenue neutral year.

- **Statewide Comparison:** Kansas City, Kansas's current city mill rate of 36.219 ranks 14th out of 26 first-class cities statewide — approximately in the middle. The Wyandotte County mill rate of 35.704 ranks 98th out of 105 counties in Kansas, with only seven counties having a lower total mill levy.

Presentation — Michael Peterson, Deputy Budget Director

Michael Peterson addressed property tax comparisons normalized by per capita and per square mile metrics:

- **City comparison:** Across first-class cities in Kansas, average property tax levied per person is approximately \$460–\$490. The Unified Government levies approximately \$485 per person. However, comparing per square mile, similar-sized communities (Lawrence, Wichita, Topeka, Overland Park, Olathe) collect on average \$1.17 million per square mile to support city services. Kansas City, Kansas collects only 52% of that average — approximately \$600,000 per square mile.
- **Infrastructure burden:** Using feet of sewer per person as a proxy for infrastructure burden, while the population grew approximately 1.8 times since World War II, sewer infrastructure grew approximately 27 times. In comparison, Overland Park and Olathe have population densities of approximately 2,300–2,700 people per square mile, while Kansas City, Kansas is approximately 1,250 people per square mile. Median household income in KCK is \$59,000, compared to \$112,000 in Olathe and \$104,000 in Overland Park (2023 Census data).
- **County comparison:** Wyandotte County's per-person levy of approximately \$493 is within range of similar-sized counties. Douglas and Shawnee counties levy \$600–\$700 per person. Johnson and Sedgwick are at the lower end.
- **Distribution of property taxes collected:** The Unified Government collects all property taxes in Wyandotte County and distributes to various taxing entities. The UG retains approximately 44–45% (city and county portions combined) of the overall tax bill in the Kansas City, Kansas school district areas, with approximately 53–56% going to education. In Bonner Springs and Edwardsville areas, the UG retains approximately 23–24% of the tax bill.

Budget Actions/Trade-offs from the Last Two Budget Cycles (FY2023–2025):

- BPU pilot reduction by 2% for residential customers: \$2.2 million annual revenue impact to the UG.
- Revenue foregone due to mill levy reductions: \$24.6 million not realized.
- Senior citizen rebate program enhancements (increased amounts; BPU bill relief for eligible recipients).
- Community Benefit Fund designation from incentive agreements: \$400,000–\$430,000 foregone from general fund revenues.
- Personnel costs (prioritized staffing capacity and labor agreements): increased by \$18 million across all tax levy funds over two years.
- Debt strategy: approximately \$10 million per year impact in reduced debt issuance.
- Trade-offs/Deferred items: Approximately \$60 million per year of deferred maintenance; \$15 million in frozen positions; reduction of abatement team; cash capital declined by approximately 36% on both city and county sides, approximately \$3.2 million.

Presentation — Reginald Lindsey, Budget Director

Reginald Lindsey presented the following:

County Side — Revenue and Expense Structure:

- 82% of county mills are allocated to the county general fund; nine dedicated mill levies exist on the county side.
- Revenue sources: Property tax — 66%; sales tax — 8%; motor vehicle — 5%.
- Expense drivers: Personnel — 69% (Sheriff: 34%; Other: 35%). Sheriff combined personnel and contractual services: 44% of the total expense pie.

City Side — Revenue and Expense Structure:

- Approximately 60% of city mill levy supports operations; approximately 40% supports debt.
- Revenue sources: Sales tax — 32%; property tax — 22%; BPU pilot — 20%; other taxes — 17%.
- Expense drivers: Total personnel — 74% (Fire: 31%; Police: 28%; Other: 15%). Fire and police combined represent 60% of the total city general fund budget.

Grant Obligations — COPS Grant:

- The Police Department has a federal COPS grant funding 12 patrol officers. The grant is approaching expiration. The FY2027 impact would be approximately \$783,000, rising to approximately \$1.5 million annually by FY2028 that would need to be absorbed into the city general fund.

Grant Obligations — SAFER Grant:

- The Fire Department has a SAFER grant funding 17 firefighters. This grant expires in March 2027. The FY2027 budget impact would be approximately \$1.6 million, rising to approximately \$1.9 million annually in FY2028. Reducing staffing below SAFER levels would result in overtime. Together, the COPS and SAFER grant expirations add nearly \$3.3 million in new ongoing personnel costs to the city general fund.

Street Investment:

- Street maintenance was identified as the single highest priority in the community survey, also carried the lowest satisfaction scores.
- Street funding dropped from \$12.6 million in 2023 to \$7.4 million in the 2026 budget. Street Division staffing dropped by eight positions following revenue neutral.

Presentation — Alan Howze, Interim County Administrator: Mill Levy Scenarios

Mr. Howze presented financial scenarios for both the county and city general funds:

County General Fund Scenarios:

- Revenue Neutral: Net change in fund balance — negative
- Base revenue assumption (4% growth): Modest improvement
- Current mill at full valuation (~5.6–5.8% assessed value growth): Near break-even
- One additional mill: Net change of approximately +\$1.6 million
- Two additional mills: Further positive fund balance impact

County Capital/Program Needs (not currently budgeted):

- County infrastructure funding and CIFI program (proportional distribution to cities for road/infrastructure projects)
- Facility needs
- Wyandotte County Lake Park and Pierson Park capital improvements

- Emergency management radio system (end of life) and backhaul network
- Voting equipment refresh
- Health Department electronic medical records system
- Tax management system

City General Fund Scenarios:

- Revenue Neutral: Net change — minus \$6.3 million
- Base revenue assumption: minus \$4.6 million
- Current full valuation: minus approximately \$4 million
- One additional mill: minus \$1.9 million (near break-even)
- Two additional mills: approximately break-even
- Three additional mills: approximately +\$2 million
- Four additional mills: approximately +\$4 million

City Capital/Program Needs (not currently budgeted):

- Infrastructure: \$30 million pavement preservation (Public Works); bridge needs
- Facilities: Police West Patrol, fire stations, homeless shelter, Parkwood Pool
- Productivity investments for operational efficiency

Staff Recommendation: House stated the staff recommendation was:

- **City side maximum mill levy increase:** 4 mills (approximately \$3.5 million to cover COPS/SAFER grant expirations, plus approximately 2 mills for additional commission flexibility)
- **County side maximum mill levy increase:** 2 mills

Impact on \$200,000 Home:

- At current mill with assessed value increase of 5.6%: City increase of \$44.50, County increase of \$43.50
- At maximum mill recommendation: City increase of \$135.50, County increase of \$90.50

Statewide Context at Maximum Mills:

- At the maximum recommended increases, the city would approach the top quartile of first-class cities statewide; the county would be near the midpoint of all Kansas counties.

Other Jurisdictions Setting Maximum Mill Levies (as of the prior day):

- City of Bonner Springs: +4.39 mill increase set as maximum
- City of Edwardsville: +2.124 mill increase set as maximum
- KCK School District: +1.6 mill increase set as maximum
- Fairfax Drainage District: +0.73 mill increase set as maximum

Cleaning

The Cleaning Ambassador program continued uninterrupted through 2024–2026, maintaining consistent service levels Monday through Saturday from 7:30 a.m. to 5:30 p.m.

Services include:

- Daily trash and debris removal from public properties.
- Limited snow removal at the crosswalk
- Graffiti reporting and code enforcement referrals
- Reporting to 311 and coordinating with UG departments

Safety

Transition to Kansas City, Kansas Police Department (KCKPD):

In July 2025, the SSMID implemented a significant improvement to its safety strategy by transitioning from contracted private security services to a formalized partnership with the Kansas City, Kansas Police Department (KCKPD).

This shift reflects a strategic investment in:

- Increased accountability and transparency
- Improved response coordination
- Enhanced credibility and visibility for Downtown safety

Increased safety and public confidence

Financial Stewardship

- ➔ The proposed SSMID renewal maintains a revenue-neutral mill levy for both this year and next year while continuing essential downtown services and initiatives.
- ➔ The Advisory Board reduced the maximum mill levy in proposed resolution
- ➔ Audit completed by Novak Birks
August 2026
- ➔ For the past 10 years, the SSMID tax assessments have brought in approximately \$2.1M of revenue (average \$210k per year) that allowed the SSMID to fund the Cleaning & Safety program for downtown at a cost of \$2.7M over the past 10 years. That tax amount along with the voluntary contributions from the SSMID's partnership with the UG, BPU, and University of Kansas Health System has allowed DTS to help run and administer this program along with several smaller beautification projects such as Banners, Facade fixup, and landscaping with larger big picture plans coming to help with the downtown revitalization Master Plan and other beautification projects such as the CrossWalk project
